(a) Definitions. As used in this clause--			
"Central Contractor Registration (CCR) database" means the primary Government repository for contractor information required for the conduct of business with the Government.			
"Commercial and Government Entity (CAGE) code" means--			
(1) A code assigned by the Defense Logistics Information Service (DLIS) to identify a commercial or Government entity; or			
(2) A code assigned by a member of the North Atlantic Treaty Organization that DLIS records and maintains in the CAGE master file. This type of code is known as an "NCAGE code."			
"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.			
"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see Subpart 32.11 of the Federal Acquisition Regulation) for the same parent concern.			
"Registered in the CCR database" means that--			
(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database;			
(2) The Contractor's CAGE code is in the CCR database; and			
(3) The Government has validated all mandatory data fields and has marked the records "Active."			
(b)			
(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.			
(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation DUNS or DUNS+4 followed by the DUNS or DUNS+4 number that identifies the offerors name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.			
(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.			
(1) An offeror may obtain a DUNS number			
(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at http://www.dnb.com/ ; or			
(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.			
(2) The offeror should be prepared to provide the following information:			
(i) Company legal business name.			
(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.			
(iii) Company physical street address, city, state and Zip Code.			
(iv) Company mailing address, city, state and Zip Code (if separate from physical).

(vii) Number of employees at your location.			
(viii) Chief executive officer/key manager.			
(ix) Line of business (industry).			
(x) Company Headquarters name and address (reporting relationship within your entity).			
(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.			
(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.			
(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Governments reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.			
(1)			
(i) If a Contractor has legally changed its business name, doing business as name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall
